Subject : Query regarding spatial transcriptomics

Kind Attention : Dr. Tessy Thomas

Sl. No.	Services & Description	Catalogue_No	No. of Samples	Unit Charges	Total Charges after Discount
1	**Service-RNA Seq** **Project Services Include :** Service-RNA Seq Project Services Include : TIPL_RNAseq: Full service of RNAseq, with ribodepletion including Bioinformatic analysis The project involves, 1.RNA QC report-Qubit quantitation Report & Aglent RNA Tapestation report 2. Library QC report 3. PolyA Capture 4. Directional/Stranded RNAseq library preparation and providing the QC 5. Sequencing of library (~30-35 million PE / or total of ~65 million reads) 6. Bioinformatic analysis deliverables are as follows. • QC report on raw data (fastq) with screening for contamination. • QC report of the mapped data with supporting plots - Read distribution, Alignment distribution & Splice junction distribution Barplots. • Raw counts of the genes • Normalized counts of the genes, with supporting plots - PCA, Heatmap & Dendrogram • Differential gene expression analysis - List of all differentially expressed genes (DEG)/significant genes/upregulated & downregulated genes • Visualization for differential gene expression - Heatmap, Volcanoplot & Up- Down Barplot • Functional enrichment analysis of the DEG, with supporting plots - Gradient Barplots • Analysis of both mRNAs and polyA containing RNAs	TIPL_RNAseq	12.00	26,000.00	3,12,000.00

THERACUES INNOVATIONS PVT. LTD. Bangalore

Authorized Signatory

General terms and conditions:

The over all TAT for the project is .

TAT begins only after the samples arrive in our building. Prior intimation of samples arrival to our center will help us to reduce TAT. Results are the out come of the experiment and samples.

Project will be performed as mentioned above. Any major deviation in the project will be informed and appropriate consent will be taken from the client.

Terms and conditions for services & solutions provided from theraCUES innovations private limited.

1. Outcome/Results of the services depend on samples(Tissue, RNA,DNA, Slides) and treatment. Hence, it is important to submit the samples as per the recommendation of Theracues Innovations Pvt. Ltd. Samples need to be processed and shipped according to the recommendation of Theracues innovations. Any lacuna in providing appropriate documents or information will delay the processing of samples.

2. Theracues innovations will not be responsible for any loss/damage of samples during shipment. Hence, we encourage researchers to keep an aliquot as standby before sending the samples.

3. Theracues innovations will not accept any infectious or hazardous samples. Request the service seeker to send a declaration for the same by competent authorities.

4. Scientists at Theracues innovations will process the samples according to the standard protocols. Though complete care is taken to process the samples, for inadvertent loss of sample Theracues innovations is not responsible. We request researchers to keep an aliquot as standby before sending the samples.

5. Theracues Innovations encourages scientists to provide complete information by filling in sample submission form. Providing complete information will help us to handle the project appropriately.

6. Based on set SOPs of Theracues innovations samples are processed and results are provided. These are different for different types of samples. Hence, we encourage prior discussion with the project management team before submitting the samples.

7. Projects are done according to the protocol of reagents providers and machine data, as per the quote. Theracues innovations are not responsible for manufacturer's inherent mistake/deviation in the reagents.

8. The TAT for each project is different based on scope of the project. Hence, whatever submitted through quote is appropriate, unless major deviation.

9. The projects which go beyond 8 weeks, partial invoicing is allowed.

10. Theracues innovations stores data for projects for 1 month post analysis. Beyond this appropriate charge will be applied for continued storage. Request researchers to get separate quotes for the same if you intend to store the data beyond one month.

11. The Price quoted is based on the scope of the project. Any additional service requests other than mentioned in the quote will be charged appropriately.

12. Payment terms: 50% of the project value in advance, 50% within 15 days of completion of project.

13. **Bank Details for Payment:**

Cheque or Bank transfer in favor of :
